OUR GOAL IS ERADICATION

Rotary has been working to this end for 34 years, and our goal of ridding the earth of polio is in sight. We started vaccinations in 1979 and today the world is 99.9% clear.

OUR 7 AREAS OF FOCUS

1. Promoting peace
2. Fighting disease
3. Provide clean water/sanitation
4. Saving mothers and children
5. Supporting education
6. Growing local economies
7. Protecting the environment.

ANNUAL ONE-DAY MONSTER TREE PLANTING

We are very focused on environment.

We plant on one day 3,500+ trees locally every year.

ROTARIANS BBQ THE WORLD'S BEST SAUSAGES!

But that is not all we do. Come to a get-together to meet the team. Learn about all the good in the world done by Rotary members.

STUDENT EXCHANGE

We regularly host both incoming and outgoing students.

Pictured is President Rose farewelling Maddie from Italy.
